

Category 6

Keystone Jack unshielded

M2P Category 6 keystone jack offers best in class performance exceeding all Category 6 performance requirements. Its innovative features not only simplify and accelerate termination but also remove installation variability for consistently high and repeatable performance..

Technical Information

Material housing: Abs halogen free

Conductors: Copper Alloy

Durability: Minimum 750 insertion cycles

Wire Accommodation: 22-26 AWG solid

Compliances

- TIA/EIA-568-C.2 Category 6
- ANSI/EIA-1069-A
- ISO 11801 Category 6
- IEC 60603-7-4

Features

- More flexible separator, optimum pair-to-pair & powersum crosstalk
- Matched impedance and maximum throughput
- Tool less installation
- UTP jack modules snap in and out of all M2P Modular Patch Panels and Surface Mount Boxes for easy moves, adds and changes
- Smaller, more compact package
- Decreased installation time
